- Increase font size of body text
- Home page: make title stand out more
  - Try background color/stripe
- Career life page – yellow dot menu
  - Color of dot = color of dot in artwork
- Works page: title somewhere else, menu dot color
- Images at the bottom of exhibitions page
  - Infinity rooms
  - Or in between text

- Home page all information visible when opened
- Image headers with title for each page, scroll for information
- Contrast is good
- Typeface choices are good but not web font
  - Either find similar web font or find a way around it
